Announcement for drug information program

What Parents **DON'T** Know...

but **SHOULD** Know!

Monday • October 30, 2006

7:00 - 8:30 PM @ First Bible Baptist Church

ADULTS ONLY: Don't miss this most informative workshop on the widespread availability of drugs and alcohol to our youth and the problems it poses for parents. Parents can play a significant role in preventing drug and alcohol abuse by children, especially if those children are between the ages of 8 to 12. Gary Metz and David Monk, each with over 25 years experience working in drug abuse strategies, will enlighten those in attendance on these dangers and more. Come get educated this year on this important topic.
